DATASHEET

CORION

CORION is a very robust fall arrester and safety harness developed especially for working at heights in corrosion protection. Its special construction with a wide waist belt and adjustable double buckle clasp makes it easy and quick to adjust for any user. Thanks to tried-and-tested harness adjusters from the IGNITE series, the harness can be adjusted safely and easily. The new adjusters also prevent the harness from becoming loose when working. The two fabric belay loops in the chest area and D eyelet in the shoulder area are to be used together as fall-arrest attachment points in accordance with EN 361. The lateral retaining eyelets are only to be used for workplace positioning. They are extremely rigid so they can also carry heaving loads such as buckets and tools for long periods of time.

- Extra wide waist belt for rapid adjustment
- Rigid lateral retaining eyelets for carrying buckets and tools
- Available in two sizes and tested for user weights up to 140 kg

FEATURES

| | |
|---------------------------------|---|
| Attachment points: | Sternal polyester attachment point, Side aluminium attachment point |
| Number of material loops 7 kg: | 0 |
| Number of material loops 10 kg: | 5 |
| Number of material loops 15 kg: | 0 |
| Application areas: | Telco energy |
| Colour: | Orange, Black |
| Hand wash: | 40 °C |
| Maximum lifetime: | 10 years |
| Maximum hip size: | 128 cm |
| Maximum leg size: | 90 cm |
| Maximum temperature: | 45 °C |
| Minimum hip size: | 98 cm |
| Minimum leg size: | 60 cm |
| Minimum temperature: | -35 °C |
| Padding: | Back padding |
| Buckles: | stick_buckle, click_buckle |
| Adjusting buckles: | Adjusting buckles shoulders, Adjusting buckles hips, Adjusting buckles legs |
