Customs tariff number:	63079098

Standards:	EN 358:2018
Net weight:	0.55 kg
Gross weight:	0.55 kg

DATASHEET

WAIST TEC

Ergonomic waist belt designed for restraint systems and work in positioning. Used in combination with the WORK TEC 140 model it becomes a harness with four attachment points (EN 361 / EN 358) ideal for fall arrester systems and work in positioning.

Main features:

- EN 358 lateral attachment points in two positions: in case of usage (work mode) they are turned externally from the waist belt for the connection of a positioning lanyard, in case it is not used (stand-by mode) they fold inwards so it does not interfere the operator's movements;
- rear attachment points designed for the connection of a restraint lanyard;
- work load limit: 140 kg.

FEATURES
