Cutting

C

Cable cutter

- Easy handling
- Minimal hand force required
- Release option in every cutting position
- Not suitable for steel wires, steel-armoured cables, aluminium alloys and hard-drawn copper conductors!
- Do not cut at live conductors

KT 80

Cu + Al: max. 80 mm

Cu: max.   630 mm²
Al: max.   1.000 mm²

Cu: max.   630 mm²

Technical data

Max. cutting performance, copper cable	KT 80
Copper cable - stranded, max.	630 mm²
Copper cable - flexible, max.	630 mm² / 1260 kcmil
Copper sector cable	3 x 240 SM
Max. cutting performance, aluminium cable	
Stranded aluminium cable, max (mm²)	1000 mm² / 2000 kcmil
Stranded aluminium cable, max. diameter	
Aluminium sector cable	4 x 240 SE
Tool data	
Depth / Width / Height	55 / 675 / 175 mm
Weight	3240 g
Note	

Ordering data

Version			
Note			

Type	Qty.	Order No.
KT 80	1	**9202080000**

The dimensions of the cable cutter refer to the delivery condition, i.e. the point of the hinged blade parallel to the fixed blade.
