

Tempilstik®
Fast, accurate surface
temperature indicator

**RIGHT
FOR
THE
JOB.**

Tempil®
Tempil.com

Providing accuracy, confidence and compliance for over 80 years, Tempilstik® is the original temperature-indicating stick with the best combination of precision and convenience for surface temperature measurement. Specially engineered for accurate temperature indication in pre-heating, interpass and post-weld heat treating applications, Tempilstik is the industry's leading choice for use in the most critical jobs.

- 116 temperatures available from 100°F(38°C) -2000°F(1093°C)
- Stick instantly melts at designated temperature for easy and immediate visual inspection.
- Calibration-free with 100% reliability
- NIST traceable accuracy to +/-1 %
- Comply with preheat temperature requirements of AWS D1.1, ASME Code Sec. I, III and VIII, ANSI/ASME Code B31.1 and B31.3.
- Imprinted part number, temperature and lot code across entire stick for improved traceability
- Made in U.S.A.

Industry Uses:

- Welding
- Ship building
- Metal fabrication
- Railroad, Fracking
- Oil & gas production
- Transmission

Surface Uses:

- Steel
- Iron
- Aluminum
- Stainless steel
- Glass
- Plastic
- Ceramic
